Easypaisa

Financial transactions application e.g. Bank transfer, Utility Bill payment, Mobile Money transfer.

<https://play.google.com/store/apps/details?id=pk.com.telenor.phoenix&hl=en>

MTN TCG

The solution includes two apps. One app act as Caller App known as TCG Caller App and the other app Receiver App known as TCG Receiver App. Caller app responsible for making calls on provided number and time interval. Receiver App reject calls received from specific number and send details (caller number, receiver number and date time of call) on Short Code via SMS.

Android Chat Application

Instant Messaging Application using Open Fire Server and XMPP protocol. Fixed a bug in already Developed Application.

Google Play Store **Android Application Development**

May 15-Current

Working as independent Android Developer at Google play store and published many applications which are live at Google Play Store.
